On April 3, 2017, the Department of Health and Human Services published a Request for Proposals to solicit proposals from Vendors to provide out-patient hospital and hospital-based rural health clinics Medicaid cost settlement services.

Delete Section 3.6.1.7 and replace with:

- 3.6.1.7 **Bidders are required to complete the TWO (2) steps listed in the Appendix D to this RFP, as part of their Proposal.** Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Bidders' program design, which in turn, will allow Bidders to put forth the best possible Proposal.

For guidance on completing the two steps in Appendix D, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website.
